CPA Tax Accountant

\$60,000-\$75,000 (plus bonuses)

401k, Dental, Medical

Full-Time

Why Work Here?

We are a specialty financial planning firm looking to integrate a CPA to assist clients with tax planning and tax preparation.

Core Responsibilities:

- Prepare and review Federal and State Income Tax returns for individuals and businesses, primarily physicians
- Collaborate with PRS financial planners for tax planning, projections, and related issues
- Accounting transactions, invoicing, and payments
- 5+ years of experience in accounting preferred

About PRS Tax Advisors, LLC:

Physician's Resource Services continually strives to make financial planning easier for physicians and their families. For decades, PRS has worked with physicians to help them transition from residency to practice and prepare for retirement. PRS's daily objective is to save our clients valuable time by reducing their hours spent planning and organizing their finances. Our diverse group of advisors offers guidance in each core element required for a comprehensive financial plan: insurance, tax, and legal-all working together as one team. Our goal is to give clients back their time, allowing them to be a better doctor, spouse, parent, and friend.

This is a virtual position with the possibility of some in-person meetings with clients and other team members. PRS is headquartered in Austin, TX
