The 25th (can you believe it?) **Annual Burkenroad Reports Investment Conference** will be held on Friday, April 29, 2022 here in New Orleans. And after two years in exile, we're back to an in-person event. This year we will be at the Westin Hotel on Iberville.

There's a lot of "pent-up" demand for this popular annual event and we're expecting a big turnout of both individual and institutional investors. Our last in-person event, (in 2019) had about 600 attendees and last year's virtual conference attracted 1,100 investors.

This year's keynote speaker will be **Tom Lee**, a legend in private equity.
