Let’s Partner to Support Financial Planners

For more than 20 years, the Financial Planning Association® (FPA®) has been the leading membership organization for CERTIFIED FINANCIAL PLANNER™ professionals and those committed to the financial planning process. FPA partners with our members to help them realize their vision of professional fulfillment through practice support, learning, advocacy, and networking.

Our collaboration with various organizations makes the tools and services growing financial planning practices need more accessible. Our profession-leading publications and educational programs—delivered how and when busy professionals need them—build planner competencies. Our nationwide network of local chapters, vibrant and compliance-friendly community forums, and myriad other ways to connect make impactful networking possible. Advocacy efforts at the state and federal levels, pro bono efforts, and volunteer leadership opportunities position our members as a force leading the profession.

Partner with FPA in this critical work.
Partner with Our Community

The financial planning profession is growing, and financial planners in the FPA community are leading the way. But they need the support of organizations with the tools, products, and services to achieve the next level. Strategic Partnerships with FPA are long-term relationships built upon mutual goals and a desire to support financial planners. FPA offers three tiers of Strategic Partnership, each with exclusive marketing opportunities.

Potential elements of an FPA Strategic Partnership

- Sponsoring and speaking at FPA Events
- Online learning programs
- Research and surveys
- High-impact marketing, including email campaigns
- Thought leadership integrations
- Account management support

Let’s partner to support the financial planning community.
FPA offers three Strategic Partnerships opportunities:

Feature Partner

Our highest level of partnership, Feature Partners receive the first pick of any FPA opportunities each year and have access to an Account Management team that oversees the relationship, content integration, branding, and positioning across FPA membership marketing, publications, events, and programs. Partners at this level are the first recipients of bonus exposure, elevated opportunities, and various benefits that are otherwise not available to other partners.

$250,000 minimum annual commitment

Cornerstone Partner

As one of the deepest levels of partnership with FPA, Cornerstone Partners receive account management support, tailored project and program exploration and delivery, and targeted branding and marketing integrations across FPA membership marketing, publications, events, and programs.

Cornerstone Partners typically select one key area of focus for the duration of the partnership. Still, they can expand and grow into a Feature Partner relationship in the following year.

$100,000 minimum annual commitment

Supporting Partner

Supporting Partners typically fold tactical elements into a collaborative, annual relationship, which may include any combination of advertising and branding, content distribution, FPA membership, speaking or exhibiting at conferences, online learning, and quarterly account management reviews.

$50,000 minimum annual commitment

The FPA Virtual Externship is perfect for students who cannot attend an in-person internship, those who want to explore a career change, or those who want to learn more about financial planning. The goal of this powerful, one-of-a-kind event is to allow attendees to see how financial planning is applied in diverse financial planning firms and with a diverse clientele. With a curriculum created and approved by FPA, aspiring and CFP® professionals can learn more about the profession and its practice from wherever they choose. Unlike most financial planning curricula, information is presented in dynamic, live discussions and hands-on work based on financial planning scenarios.

How to Maximize this Event

Become a sustaining part of the FPA Virtual Externship by repeatedly engaging with attendees and helping enhance the program with financial support, thought leadership, and resources that benefit participants.
Ways to Partner

The FPA Virtual Externship is an incredibly intimate event that does not offer sponsored speaking roles or overt product pitches. Partners may also collaborate with FPA to offer virtual interviews or related job–search resources, practice interviews, and/or resume reviews. Enhanced offerings are possible and priced upon request.

“This externship will go down in history as one of the most valuable experiences of my career. The exposure to so many different points of view within the profession and seeing the actual human side of the planning work made me feel like I’m getting my footing in this profession much better than I ever could without an experience like this externship.”

FPA Annual Conference is one of the largest financial planning conferences held each year, attracting nearly 2,000 CFP® professionals and financial planning thought leaders worldwide. Attendees range from young professionals to expert, lifelong planners eager to share practical strategies, tactics, and knowledge.

How to Maximize This Event

Speaking sessions, activities, and amenity experiences at the conference provide the richest engagements with attendees and allow your team to meet planners and influence critical decision-makers from some of the most well-known firms in the profession. In the exhibit hall, it’s always advisable to incentivize attendees to stop by and meet your team. Showcase your expertise and dedication to the profession in ways that captivate and delight financial planning attendees by providing powerful resources like inspirational and how-to videos, as well as fun polls, trivia, or other conversation starters within your exhibit space.
Ways to Partner

Discover all the ways your firm can support the growth and development of financial planners and the profession at the FPA Annual Conference:

- Exhibit Booth and/or FinTech Exhibit
- Present Educational Sessions
- Underwrite Experiences and Amenities

Exhibitors receive a 10x10 exhibit space and basic exhibit package, including carpet, conference WiFi, one six-foot table, two chairs, three conference registrations, company logo and link on the FPA conference website, and the pre-conference attendee list (due to FPA’s privacy policy, this list does not include phone or email).

FinTech Showcase
$6,000

FinTech Showcase exhibitors are just like exhibit booths but include a 10-minute TED-style talk placed alongside the conference schedule and marketed to attendees as an alternative educational opportunity. Your firm must qualify as a FinTech company to purchase space in the FinTech Showcase.

**Experiences**

**Price upon request**

The conference provides opportunities to create unique and intimate experiences with attendees. Whether fun activities, interactive elements, or amenities—work with FPA to determine the right offering that supports your goals and objectives in sponsoring FPA Annual Conference. Experiences partners have had success with include WiFi, receptions, coffee/snack breaks, custom experiences and more.
FPA Retreat 2022

FPA Retreat is not your traditional lecture-style event. Each year, the top minds in the profession convene to share ideas, examine critical issues, and pave the way forward for the profession. FPA Retreat harnesses the kinship and power of the financial planning community in a beautiful, intimate setting. Among the 400 attendees, most have well-established practices of $250M AUM or higher (on average) and are primarily fee-only or fee and commission planners.

How to Maximize This Event

Your contributions are essential to ensuring an environment free of product pitches and geared towards the ultra-savvy financial planner looking to discover what’s next in the profession. Partners are encouraged to offer giveaways from their exhibit tables, connect with attendees in networking spaces, and participate in sessions. Your insight, leadership, and support help attendees explore new ways of serving clients and growing modern planning practices.
Ways to Partner

Affiliate your brand with our intimate event and enjoy exclusive access to FPA’s members and respected leaders within our profession. We offer limited partnership opportunities, which tend to sell out early. You must have a Strategic Partnership with FPA to access partnership and speaking opportunities at Retreat.

Speaking Engagement

$9,000

Receive a 50-minute concurrent breakout session, thoughtfully aligned with your firm’s expertise and FPA partnership goals. All content is subject to FPA review and approval. Includes three conference registrations, opt-in attendee email list for a 1x follow up, an exhibit space, and (if applicable) your table incentive marketed to attendees in FPA’s “Know Before You Go” email.

Retreat Experiences

$12,000

Select one of the following Retreat experiences that showcases your firm’s financial planning focus and provides a fun networking experience to foster deeper relationships.

Roundtable Discussion

Engage an intimate group of up to 10 FPA Retreat attendees in a one-hour topical conversation that provides both insight for your firm, as well as lively debate and discussion amongst attendees. Moderated by FPA and your firm, includes recording the session and participant list for 1x email follow-up.

Team Activity

Create a connection with up to 20 FPA Retreat attendees in a joint activity (select from FPA’s pre-set list of activities). FPA sends invitations to attendees before the event and provides a participant list for 1x email follow up.

“I’ve attended several FPA Retreats and made lasting connections and friendships with people who care as deeply about our profession as I do. I’ve found that the thoughtful themes of the gathering provide a rich environment for provocative conversations that invariably lead to new ways of thinking and being.”

Debbie Grose, CFP®, 2020 FPA Retreat Task Force
FPA NexGen Gathering is one of the only events explicitly designed for the next generation of financial planners. Grown from an intimate, peer-to-peer event in the early 2000s, FPA NexGen Gathering now brings over 150 talented young professionals together to explore their learning and development among friends. This event provides a format with unique experiences that have attendees returning year after year.

How to Maximize this Event

This conference is unlike any you’ve attended or exhibited at before. Attendees experience a community-style gathering, complete with peer-led learning sessions, roundtables, and close-knit sessions that cater to an organic, learning environment. For partners, this means you need to blend into your surroundings, get out from behind the table and engage with planners in their comfort zone. With a limited number of partner opportunities each year, our planning committee plays a key role in selecting and assessing the partners that participate.
Ways to Partner

Due to the intimate nature of Gathering, only a handful of partners experience this event firsthand. If your firm is interested in supporting the next generation of planners, this is the event for you. A Strategic Partnership is required for all partnership opportunities, except for exhibit tables available to former FPA NexGen Gathering sponsors and exhibitors.

Networking Package

**$10,500**

Enjoy three amazing benefits in one package! This package offers the highest level of branding and exposure to Gathering attendees and includes both the exclusive opportunity to market a private reception for attendees, as well as host an Interview Booth for set times throughout the event. Partners will provide a pre-recorded video for attendees that walks aspiring financial planners through a career path with your firm, and invites interested registrants to engage with you and/or reserve an interview time to learn more. This video will be provided to registrants in one of FPA’s pre-conference emails. The package also includes marketing exposure leading up to Gathering in two FPA pre-event emails: one promoting the reception and one promoting the interview booth. Note: This package is for the opportunity to host a reception and does not include food and beverage, décor, or other reception add-ons.

FPA NexGen Gathering Experience

**$7,500**

FPA NexGen Gathering attendees love to network and engage with their peers. Through this package, partners will host an in-person experience for a self-selected group of attendees. Date, time, and location of the experience will be coordinated with the partner and FPA. Experience options may include trivia, consultant-led activities, cocktail hour, or others. Contact FPA to discuss available opportunities.

Partners will also receive an exhibit table. Partners are encouraged to provide an incentive for attendees to visit their exhibit table, which FPA will share with attendees in the event “Know Before You Go” email. Partners also receive the Gathering opted-in attendee list with emails for 1x follow-up, and two conference registrations.

Exhibit Table

**$3,500**

The exhibit table includes two Gathering registrations. Partners are encouraged to provide an incentive for attendees to visit their exhibit table, which FPA will share with attendees in the event “Know Before You Go” email.
FPA Research

From time to time, FPA collaborates with valued partners to conduct research designed to provide financial planners with the business and financial planning insights they need to thrive.
Research

Custom Research Project

Pricing varies based on the scope

Have you identified an area of opportunity to study, engage, and transform how financial planning tackles significant issues and questions? Partner with FPA to customize a research project, analyze the results, and create and distribute the content. The research process is highly customized and will be built with FPA and partner interests in mind. Development cost and timeline, project management and resource demands, and content distribution and life of content impact the overall price. This highly custom opportunity and the research focus must align with FPA’s focus on supporting members and their development as financial planners.

Partners that work with FPA on customized research receive (when appropriate and/or possible):

- Brand alignment on all related materials, website, and reports
- Integration with an upcoming FPA conference
- Virtual presentation/webinar for the FPA member community
- Public Relations opportunities individually and with FPA
- Access to FPA member insights
- Recognition as a research partner on all content stemming from the research

Surveys

Custom pricing starts at $30,000

Are you interested in taking the pulse of the FPA member community on a topic relevant to your company? There are a limited number of opportunities each year to pose questions to FPA members on highly relevant topics to the profession and your business. Let us know your objectives and goals to see if a survey is possible. Each survey opportunity includes project management, review and development, partner branding, survey distribution via one email blast, promotion in two FPA Weekly Wrap emails, and one posting on the FPA Connect member forum.

All content, including questions, is subject to FPA review and approval, and FPA cannot guarantee the total number of responses. The partner will receive raw survey data and is responsible for analyzing results. Due to limited inventory, please work with your FPA Account Manager to reserve your survey as soon as possible. Only those companies engaged in a Strategic Partnership can access survey opportunities.
Diversity, Equity and Inclusion

FPA is engaged in ongoing Diversity, Equity and Inclusion work, which also aims to cultivate a deeper support community for FPA’s financial planners and aspiring financial planners from under-represented groups.
Get Involved
